- Great taste builds customer loyalty – high quality means customers will pay more!
- Excellent taste and texture
- Superior retention of juicy beef flavor
- Performs well under multiple cooking methods
- Maintains freshness with most holding conditions
- Processed under HACCP to insure food safety

BEEF PATTIE FAMILY

STORAGE & COOKING INSTRUCTIONS

Our patties are individually quick frozen at our plant to lock in freshness and superior taste. The patties are shipped frozen and will maintain their freshness 90 days from the code date when held at 0°F or colder. Cook patties from frozen state for best results and to reduce cross contamination. Keep raw patties separate from cooked patties and other foods. Place on pre-heated (350°F) grill and cook until juices begin to “pool.” Turn patty and continue cooking until juices run clear. *Always cook ground beef products to an internal temperature of 160°F.*

INGREDIENTS

Beef, Water, Spice, Salt

PRODUCT LISTING - CHART

Item #	Item Description	Pack Size	Case Wt.
